

Easily upgrade to LED from fluorescent.

TOPSTAR PLL lamp is a ideal solution for downlight & luminaires in a wide range of general lighting applications. This direct line voltage lamp's innovative wide beam design and compact light engine produces 280° light emitting area. This lamp offers superb energy savings over a lifetime that's twice as long as fluorescent alternatives. Simply install in your existing fixture and turn on the savings.

- 40W/36W/24W/18W CFL 2G11 replacement
- DLC listed (40W replacement only)
- Exceptional efficacy 124 LPW
- Shatter-Proof design
- Work without external driver or ballast
- 3000K / 3500K & 4000K CCT
- Suitable for use in totally enclosed fixtures
- Extra-long 50 000 hr lifetime
- 5 years warranty

Electrical and Technical Data (subject to change without notice)

Ordering Code	Watt (W)	Initial Lumen *	Base	CRI	Color Temp.	Rated Average life	MOL (in.)	Beam Angle
PLL402G11-8YY-17P-G1-BP	17	2200	2G11	82	3000K/3500K/4000K	50.000	22	120

* Lumen was tested with typical ballast @4000K CCT

Installation Guide

- 1) Read all WARNINGS before continuing this section.
- 2) Make sure POWER IS TURNED OFF at the source to the location at which you are installing the product.
- 3) Remove lens, cover and fluorescent tubes. Cut away all wires connecting the ballast.
- 4) Make sure to connect the line (L) and neutral (N) to the corresponding ends of the tube marked L and N.
- 5) Follow wiring diagrams for number of lamps and original ballast type.
- 6) Visibly affix the "Modification Sticker" to the fixture and reinstall housing cover and lens if applicable.
- 7) Return power back to the source and installation is complete.

WARNING - Risk of fire or electric shock. LED Retrofit Kit installation requires knowledge of luminaire electrical systems. Installation should be performed only by a qualified electrician in accordance with the National Electrical Code and relevant local code.

WARNING - Risk of fire or electric shock. Install this kit only in the luminaires that have the construction features and dimensions shown in the photographs and/or drawings.

WARNING - To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or other sharp objects.

WARNING - Risk of fire or electric shock. Luminaire wiring and electrical parts may be damaged when drilling for installation of LED retrofit kit. Check for enclosed wiring and components.

- Disconnect power at the source before installation, inspection or removal. Do not simply switch off fixture.
- This item is rated at 120-277V. Installer must determine whether line voltage 120-277V is available at the luminaire before installation.
- Not intended for use with emergency exit fixtures or emergency exit lights.
- Not for use with luminaire ballast.
- Do not use if product is damaged.
- This lamp is non-dimmable. Not for use with dimmers.
- Do not make or alter any open holes in an enclosure of wiring or electrical components during kit installation.
- "This luminaire has been modified to operate LED lamps" shall be marked on the retrofit luminaire where readily visible by the user during normal maintenance including re-lamping.
- Risk of fire or electric shock. Do not open or modify. No user serviceable parts inside.
- Installers should not disconnect existing wires from lamp holder terminals to make new connections at lamp holder terminals. Instead installers should cut existing lamp holder leads away from the lamp holder and make new electrical connections to lamp holder lead wires by employing applicable connectors.
- SUITABLE FOR DAMP LOCATIONS. Suitable for use in wet locations when used in an outdoor-rated fixture. Not for use where directly exposed to the weather or water.
- Complies with Part 15 of FCC. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received including interference that may cause undesired operation.
- No external weight or mechanical force should be applied to tube or components.
- THE RETROFIT ASSEMBLY IS ACCEPTED AS A COMPONENT OF A LUMINAIRE WHERE THE SUITABILITY OF THE COMBINATION SHALL BE DETERMINED BY AUTHORITIES HAVING JURISDICTION.
